## PROFESSIONAL SUMMARY

---

MCA graduate with a good understanding of software development and hands-on experience through academic projects. Skilled in Java, HTML, CSS, JavaScript, MySQL, React.js, and Node.js. I enjoy learning new technologies, solving programming problems, and building practical applications. Looking for a Software Developer role where I can apply my technical skills, contribute to real-world projects, and continue growing as a developer.

## KEY PROJECTS

---

### COVID Vaccination Management System

*Tech Stack: HTML, CSS, JavaScript, PHP, MySQL*

Developed a web-based COVID Vaccination Management System to simplify the vaccination process by providing dedicated portals for Admin, Vaccinator, and Users. The application enables user registration, appointment scheduling, vaccination record management, and certificate generation through a centralised system.

- Developed role-based modules for Admin, Vaccinator, and Users with separate access and functionalities.
- Implemented secure user registration, login, and authentication features.
- Built an appointment scheduling system for managing vaccination bookings.
- Developed a vaccination certificate generation module for registered users.
- Integrated MySQL database for efficient storage and retrieval of vaccination records.
- Implemented CRUD operations to manage user, appointment, and vaccination data.
- Designed responsive user interfaces using HTML, CSS, and JavaScript for a better user experience.

### Online Library Management System

*Tech Stack: HTML5, CSS3, PHP, MySQL*

Designed and developed a web-based Library Management System to simplify library operations by managing books, members, and issue/return records through a secure admin panel. The application provides an organised and efficient way to maintain library data.

- Developed a secure Admin Login and Authentication system.
- Built modules for managing books, members, and library records.
- Implemented book issue and return functionality with proper record management.
- Integrated MySQL database for efficient data storage and retrieval.
- Performed CRUD operations for managing books and member information.
- Designed responsive web pages using HTML and CSS.
- Organised library records for easier tracking and management.

## TECHNICAL SKILLS & COMPETENCIES

---

**Frontend:** React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap — Responsive & Cross-Browser UI

**Backend & Integration:** Node.js, Express.js, PHP — REST API integration

**Database:** MongoDB, MySQL

**Tooling:** Git, GitHub, VS Code — version control, build tooling

**Soft Skills:** Problem Solving, Team Collaboration, Communication, Time Management, Quick Learner

## EDUCATION

---

### **MCA – Master of Computer Application**

2026

*JNCT Professional University, Bhopal (MP)*

- CGPA: 8.0

### **BCA – Bachelor of Computer Application**

2023

*Makhanlal Chaturvedi National University, Bhopal (MP)*

- CGPA: 8.27

### **Class XII (Higher Secondary)**

2020

*Madhya Pradesh Board of Secondary Education (MPBSE)*

- 60%

### **Class - X (Secondary)**

2018

*Madhya Pradesh Board of Secondary Education (MPBSE)*

- 53%

## LANGUAGES

---

- English
- Hindi

## HOBBIES

---

- Playing Chess & Cricket
- Reading Books
